

Bak Ambalaj Quality, Product Safety and Halal Policy

Bak Ambalaj Quality, Product Safety and Halal Policy is based on these fundamental principles:

- To be among the largest and most preferred organizations in the Plastic Flexible Packaging sector in the domestic and foreign markets,
- To provide sufficient financial and human resources to ensure the complete satisfaction of our customers in terms of quality, price, deadline, follow-up of new products and technology, technical service,
- To motivate our employees through continuous improvement and effective communication and to direct them to our policies and goals,
- Since we are a company that produces packaging that comes into contact with food, keeping the hygiene factors at the highest level and fully complying with the product safety standards being applied.
- To provide sufficient financial and human resources to ensure and protect the safety, legality and integrity of our raw materials and products,
- To comply with international and national legal regulations, to make notifications within the framework of the legislation, to keep records and to organize statistics,
- To produce in accordance with halal standards by using halal raw materials and materials, not to use Halal logos for non-Halal products,
- To increase the quality awareness of our suppliers,
- To ensure the development and continuous improvement of product safety and quality culture,
- To produce quality products and services once and for all,
- Applying the philosophy "Manage the previous process, the next process is our customer."
- To solve our problems with team spirit and teamwork in accordance with scientific techniques and to continuously improve our processes.
